Multiplication & Division

Fact Fluency & Spiral Review - Practice for Grades 3-5

What's inside

24 no-prep fluency-practice pages with matching answer keys - print and go. Six progressive levels: multiplication 2-5, 6-9, and to 12, division facts, mixed multiplication and division, plus a spiral review covering all four operations. Every page has 40 problems plus an optional time field; prioritize accuracy and strategy use before speed when tracking growth across the year.

Standards. Supports CCSS.MATH.3.OA.C.7 for multiplication/division fluency within 100. Facts beyond 10×10 and the four-operation spiral extend practice beyond that standard.

Format: 24 drills + 24 answer keys | Print & digital | Every answer machine-verified
